

PS 154 Extended Day Program

PS 154's after school child care operates under the parameters of the New York City Department of Education. It is a school run program led by certified teachers in collaboration with the PS 154 PTA.

Program Details

The program will run every full school day from September 14, 2009 - June 25, 2010 from 3:00 - 6:00 PM. It will not run on half days or school holidays.

Fees include a snack, homework help and supervision by certified teachers. Daily activities will include Arts & Crafts, Sports, Playground Games and other structured activities as well as free time to play. In addition, the fee covers participation in PS154 PTA Enrichment Clubs (when registering for 3 or more days per week). The number of days per week your child attends determines how many clubs are included. Enrichment clubs will run from mid-September through the end of May with a break in early January.

Registration

There is a \$75 registration fee for all children. Registration is open all year and fees are prorated based on your child's start date. Schedules can be changed mid-year. All start dates and changes will be effective at the beginning of a month.

Fixed Days Per Week

5 DAYS PER WEEK

Includes 2 Enrichment Clubs

\$315.00 per month

\$15.75 per day
